

# Family Take-Home

Send this page home with a copy of **H1**, the Quiz sheet.

## FOR A PARENT, GUARDIAN OR OTHER ADULT AT HOME

Our class is studying how people form their political views, and your help makes tomorrow's lesson work. Please take the World's Smallest Political Quiz on the sheet that came home with this page.

- 1. It takes about five minutes.** Circle A, M or D for each of the ten statements, add up the two scores, and mark your dot on the chart.
- 2. Check "family member"** at the top of the Quiz sheet. Your name isn't needed, and there are no right answers.
- 3. Send the sheet back** to school with your student tomorrow.

If you can, save the conversation about your answers until after tomorrow's class, when your student compares results. You can also take the Quiz online at [theadvocates.org/quiz](http://theadvocates.org/quiz) and copy your two scores onto the sheet.
